

## THINK ART

Support your visit with a Think Art Workshop. Think Art workshops prepare students for their trip to the gallery and are designed to encourage visual literacy while corresponding to school curricula. (1 hour)

You and Me @ the Art Gallery – JK - Grade 1 (45 min)

Animal Connections – Grade 1 and 2

Journey into Canada – Grade 3 and 4

What's the Story? – Grade 5 and 6

Art and the Environment – Grade 7 and 8

Learning to Look – All grades

Portfolio Builder – Grades 9-12

## FREE TEACHER KITS

Our Teacher Kit nights are open to all educators. Make a work of art, discover helpful resources and take home current curriculum aligned materials to engage your students in exploring a variety of mediums. Register today.

## PRINTING LAYERS

November 1st, 2010. 4:30 - 5:30 p.m.

Collagraphs represent an exciting printmaking technique that combines collage and traditional printing. Discover how you can bring this exciting art form to your classroom in this introductory session.

## CREATIVE COLLAGE

February 7th, 2011. 4:30 - 5:30 p.m.

Eat your heart out Picasso! With results sure to impress, we'll show you how to move beyond mere glue sticks and take it to the next level.

## PAINT PLUS

March 11th, 2011. 4:30 - 6:30 p.m.

You asked for it! In this intensive session, we'll show you how to rev up ordinary school paints and other stockroom supplies with extraordinary results.

# THE KITCHENER- WATERLOO ART GALLERY

Is a unique learning environment that connects people and ideas through art. Our highly interactive Tour and Studio Workshops relate current exhibitions to the curriculum, build critical thinking skills, and inspire students in their own art making. Students can explore works from our permanent collection and gain valuable visual literacy skills in preparation for their visit to the gallery through our popular in-school Think Art programs. We currently welcome approximately 6,000 students each school year and our programs continue to thrive.

## REGISTER FOR SCHOOL PROGRAMS

KW|AG offers School Programs mornings and afternoons. (Two classes may be accommodated at one time to share on bussing costs)

School Programs Partners:  
Waterloo Catholic District School Board  
Waterloo Region District School Board

## TOUR AND STUDIO WORKSHOPS:

All sessions integrate the Ontario Curriculum | Open to all grades | One hour interactive tour | One hour hands on workshop

### September 20 – January 7, 2011 sciencefictionsciencefair

Homemade electronics, salvaged materials and devices that support technology-- the artworks in this exhibition playfully investigate perception, illusion and the promises and dreams of science. Denton Fredrickson, Robyn Moody, and Brian McKenna feature. Also on show is an ambitious sculptural project by Ernest Daetwyler. Barn Raising will turn tradition on its head and make you look twice!

#### **Workshop: Are you up to the challenge?**

Students will meld drawing skills and employ top-secret scientific processes to explore future possibilities!

### January 17 – March 18th, 2011 Something About Time, A Geomorphic Fantasy, and Materialscape

Explore notions of geography, time, and popular culture. Colwyn Griffith's captivating sculpture-based photographs will feature along with the works of abstract painter Robert Linsley. Don't miss the chance to see artist in residence, Michelle Allard in production.

#### **Workshop: Think outside the box!**

Students will use surprising materials in this innovative collage-based workshop while reflecting on their own ideas about geography and culture.

### March 28 – June 6, 2011 Expressions 36

In its 36th year, Expressions showcases the diverse talents of young artists in Waterloo Region. As part of the Open Ears Festival, a sound installation will also feature (TBA).

#### **Workshop: Voices**

Join us for this exciting technology-based workshop. Students will integrate sound art with other art practices to explore personal expression and the power of collaboration. Be seen AND heard!
